Motion for Appointment of Counsel

The Plaintiff, Proceeding pro se in the above-captioned action, respectfully ~~and~~ Requests that this court appoint legal counsel to represent him. IN support of this motion the Plaintiff states the following

facts:

- 1) I Beau D Jammes am the above-named Plaintiff in the instant case. by the facts set forth in my original and amended complaints, I believe that I am entitled to relief, and that my claim's have legal merit.
- 2) I do not possess adequate funds to retain legal counsel on my behalf. Nor do I possess the necessary skills to fully prosecute this action on my own. Due to my psychological condition and general lack of education, I cannot provide the level of legal talent necessary to prevail on my claims.
- 3) Whereas I previously had the assistance of other inmates in drafting my pleadings, I can no longer rely on such help, and I have in fact had to seek extra assistance for the purpose of filing this motion

For these reasons, I ask that the courts grant my Request for counsel in the interest of Justice
